

Child, Adolescent and School Health Conference
Presented by the Michigan Department of Health and Human Services

2022 SAVE-THE-DATE

September 19-21, 2022

Park Place Hotel • Traverse City, MI

CONFERENCE FORMAT

The conference will be held in a hybrid format – live at the Park Place Hotel along with a virtual option for those unable to join live. This is unless health and safety concerns and/or regulations dictate an all-virtual conference.

REGISTRATION INFORMATION

Registration will open in late Spring 2022. Fees for in-person and virtual attendance will be announced at that time.

Connect Space will again serve as the registration system, virtual live streaming platform, virtual exhibit hall, and house all conference materials.

In 2020, the Michigan Department of Health and Human Services (MDHHS) announced the Moving Toward Solutions: Addressing Teen Pregnancy Prevention in Michigan (MTS) Conference had been rebranded to the **Child, Adolescent and School Health Conference (CASH)**. Over the years, the scope and topics presented at MTS expanded to include broader child and adolescent health content, so it was fitting that in 2020 we rebranded the entire conference to align with this new focus, beginning with a series of three webinars and the 2021 virtual CASH Conference.

CASH CONFERENCE OVERVIEW: The 2022 CASH Conference will address the evolving needs of child and adolescent health professionals by offering emergent and engaging content from leading subject matter experts. Participants will gain practical and innovative strategies for the development and implementation of effective programs, policies, and practices to improve the health, well-being, and resiliency of young people. CASH Conference participants will strengthen their skills, gain valuable information and resources, and connect with others working in this field.

CASH CONFERENCE TARGET AUDIENCE: Child and youth-serving professionals from community-based organizations, schools, local health departments, child and adolescent health centers, healthcare organizations, violence prevention organizations, faith-based organizations, mental health organizations, and others interested in child and adolescent health issues.

The opening of registration will be announced in late spring once the agenda is finalized. The conference guest room rate is valid for the nights of Saturday, September 17th through Tuesday night, September 20th.
