

Hello Colleagues,

I'm excited to share the registration flyer for this year's NAF Conference: **2025 NAF Conference: Local Public Health Leadership Summit**, May 20-21, 2025 at Treetops Resort in Gaylord.

We used your feedback from last year to put together a day that will hopefully give everyone lots of useful information to enhance individual programs, maximize budgets, and build leadership capacity.

We also opted not to provide dinner or a formal evening activity. This keeps the cost at a low \$60 per person. We will have a bonfire in the evening, or if it's not bonfire weather, we can gather in the conference room. The evening gatherings are a great opportunity for informal networking and lots of laughs.

Wednesday, May 21 we will have an in-person NAF meeting. A virtual option will also be available, but participation is not as effective since so many of us will be in person.

Important to know:

- You must reserve your room **by Friday, April 11** to receive the discounted rate of \$98/night.
- Registration for the conference closes on **4/25/2025**.
- If you have a unique or innovative practice that you think others would benefit from hearing about, we are asking that you put together a brief description. We will be putting these ideas together for a slide show to share during lunch.
- The conference is open to nursing leaders at your agency, even if they are not NAF members.

For those who have never been to the annual NAF conference, I highly recommend it. It is a great opportunity to build relationships with public health nursing leaders around the state.

If you have any questions, please let me know.

Michelle Klein, RN, MA, PHC
