

## **2025 Public Health Finance Administration and Billing Conference**

Welcome to the 2025 Public Health Finance Administration and Billing Conference. Enclosed you will find your CEU card, an updated agenda, a survey and slides that have been provided to us ahead of time.

You will notice that your CEU card is split into 2 days. AAPC made an error and I did reach out to them. Our CEU approval is good for the month of October, and therefore the breakdown of the 2 days will not affect your CEU's. Just a reminder, you will need to enter your CEU's into your AAPC account online.

Also in your packet, you will find a survey. Please complete this at the end of the day and turn it in to either Julie Baker or Laura DeLanoy. There will also be a box at the check in table. This is our first year of having something this big for the billers. We would love your feedback and are open to all suggestions. We want to make sure we are providing the education and topics that you need as a health department biller.

Enjoy the conference.

Julie Baker

Laura DeLanoy
