

March 9-10 (Virtual)

1-5pm ET

Virtual Zoom Meetings

\$450 Per Person

Course Overview:

Advancing equity is critical to public health, however, a common language needs to be established. A shared understanding of a health equity framework helps us remove barriers and put concept into practice.

Opportunities for 8 CE credits available for CPH, MI Social Work, and Nursing. A certificate of attendance with educational hours will be provided to all attendees.

Participants Will Benefit From:

- Building a shared vocabulary related to health equity and social justice core concepts
- Learning how to use a health equity framework in public health practice
- Advancing meaningful dialogue about equity and oppression
- Identifying opportunities to advance equity in our work and personal life
