Michigan's Substance Use Vulnerability Index

Please join the Michigan Opioid Collaborative for a presentation and discussion on an overview of the recently developed and released Substance Use Vulnerability Index (MI-SUVI) tool, available on the **MODA Data Dashboard**. The MI-SUVI was developed to encourage data-driven decision-making and ranks counties (and now ZIP codes!) based on their substance use burden, substance use resources, and social vulnerability. This presentation will discuss how the tool was developed and how to effectively use the tool. Q&A and discussion to follow.

Presenter:

Gabrielle Stroh-Steiner, MPH, Lead Drug Surveillance Epidemiologist (MDHHS)

July 18
12 - 1 PM
