Seeking a full-time organized, detailed oriented, pragmatic, and collaborative Community Health Worker to join the community health team in Oceana County.

Specific qualifications and educational requirements:

- Ability to read, write, communicate and calculate at a level normally acquired through completion of high school. Associates degree preferred.
- Bilingual English/Spanish with the ability to read, write, and communicate orally in English and Spanish strongly preferred.
- Experience in human services, social work, and/or public health preferred.
- Community Health Worker Certification required or ability to attain within one year of employment.
- Ability to accurately record services and data within established time frames
- Basic computer and software application skills; ability to learn and effectively utilize software applications including electronic health record.
- Emotional and mental maturity necessary for establishing and maintaining good working relationships and rapport with participants, community partners, team members, and health department staff.

Duties to include:

- Engages one on one with participants from a variety of backgrounds to identify their medical, behavioral, and/or social health and wellbeing needs; works with the participant to develop a care plan; and connects the participant to community resources to improve their health.
- Obtains and records information contributing to the participant's barriers to good health and acts as a liaison to identify and navigate community resources using an evidence-based model to reduce barriers to health and wellbeing.
- Provides navigation services and Medicaid outreach in office, clinic, and community settings.
- This is an in-person position based in the Oceana County office and covers Oceana County.
- This position may also support programming/services in the jurisdiction as needed.

This position will be open until December 8, 2026

District Health Department #10 is an Equal Opportunity Employer
