

To assist the Immunizations program with the remainder of FY 22 planning and looking ahead to FY 23, Local Health Services is conducting an informal “obligation report” for the COVID Immunizations funding. Please submit the following two pieces of information to MDHHS-LocalHealthServices@michigan.gov by March 7:

1. Total projected COVID Immunizations expenditures for FY 22.
2. Anticipated lapsed COVID Immunizations funds for FY 22 (if any).

Thank you for your assistance,

Laura
