

I am a research faculty member in Epidemiology at U of M and am recruiting for an existing statewide Community Advisory Committee for the Michigan COVID-19 Recovery Surveillance Study (our website is [here](#) in case you're interested).

We have good representation in SE Michigan, so I'm hoping to recruit from these areas in particular:

Region 1 (Clinton, Eaton, Gratiot, Hillsdale, Ingham, Jackson, Lenawee, Livingston, and Shiawassee Counties)

Region 5 (Allegan, Barry, Berrien, Branch, Calhoun, Cass, Kalamazoo, St. Joseph, and Van Buren Counties)

Region 6 (Clare, Ionia, Isabella, Kent, Lake, Mason, Mecosta, Montcalm, Muskegon, Newaygo, Oceana, Osceola, and Ottawa Counties)

Region 7 (Alpena, Antrim, Benzie, Charlevoix, Cheboygan, Crawford, Emmet, Grand Traverse, Kalkaska, Leelanau, Manistee, Missaukee, Montmorency, Otsego, Presque Isle, Roscommon, and Wexford Counties)

Region 8 (Upper Peninsula - Alger, Baraga, Chippewa, Delta, Dickinson, Gogebic, Houghton, Iron, Keweenaw, Luce, Mackinac, Marquette, Menominee, Ontonagon, Schoolcraft)

We're especially interested in non-academics from communities disproportionately impacted by COVID (racial/ethnic minoritized populations, rural populations, elderly populations, disabled populations, long COVID survivors).

Our CAC meets quarterly for 2 hours and provides feedback on MI CReSS research activities and dissemination ideas. Members are paid \$50/hour for their time and expertise.

Best regards,

Jana
