County Health Rankings Presentation and Legislative Breakfast

Invited to the morning presentation and breakfast are city and county health officials, Michigan's legislative leaders, key legislative policy staff, locally elected commissioners, academia, and statewide representatives of the faith-based community. Michigan has a large number of state legislators new in their role; this will be an opportunity for you to meet with these leaders, as well as veteran leaders, to provide increased knowledge of how the rankings impact their constituents and seek to assist them in finding solutions while addressing barriers.

Thanks to the grant for the *County Health Rankings*, this event continues to be free. Invitations to the CHR breakfast will also be sent to all legislators.

You can use the link below to register for this event. Please consider bringing staff! Registration will close Friday, March 29th.
