Seeking a temporary full-time, 40 hours a week, until September 2026, organized, detailed oriented, pragmatic, and collaborative Sanitarian to join the environmental health team based in our Mecosta County Office.

General Responsibilities

- Inspects premises and establishments and evaluates compliance with public health, safety and environmental regulations and codes.
- Advises owners, operators, contractors, environmental engineers, and so forth of issues or violations, and steps needed to achieve compliance and mitigate public health hazards.
- Investigates and evaluates complaints and public health nuisances.
- Completes forms, permits and reports required for documentation of inspections and findings.
- May issue and enforce notices to comply with state and local laws, ordinances, and regulations.
- Follows protocols for notifying division and agency leadership of serious or immediate threats to public health and safety.

Minimum Requirements

- Bachelor's degree in environmental health or related field of science or engineering.
- Ability to enter, retrieve and manage data and information in electronic forms, records, and databases.
- Ability to plan and organize own work, and accomplish multiple tasks in accordance with established practice and professional standards.
- Analytical abilities necessary to evaluate compliance, and conduct comprehensive investigations; and measure and calculate temperatures, areas, distance and so forth.
- Communication skills necessary to gather and exchange information, and provide advice, guidance, and instruction on public health and safety requirements.
- Ability to utilize environmental health equipment such as augers, probes, tape measures, GPS, thermometers, and so forth.
- Must Have reliable transportation.
- Ability to work in adverse weather conditions.
