

The [National Association of County and City Health Officials \(NACCHO\)](#) is pleased to announce the publication of a new guide *Developing the Capacity to Support Clinical Older Adult Fall Prevention*. This guide was developed with funding from the CDC for local health departments seeking to create community-care linkages for older adults who are at risk for falls.

For a limited time, local health departments can order a printed copy of the guide and corresponding workbook to be sent to them free of charge by completing the form at this [link](#).
