

INTENTIONAL ETHICS

IMPLEMENTING ETHICAL FRAMEWORKS
IN LOCAL PUBLIC HEALTH

Barry-Eaton District
Health Department

Be Active • Be Safe • Be Healthy

PRESENTERS

Sarah Surna, MSSA, MPH
Anne Barna, MA

WANT TO IMPROVE YOUR ETHICAL ANALYSIS SKILLS?

The Intentional Ethics Curriculum is a four-hour training that enables local public health ethics committees to build on existing ethics knowledge and deepen understanding of the ethical analysis framework. The Intentional Ethics curriculum uses a cross-jurisdictional fictional case to illustrate this framework in action and simulate an event that spans multiple counties.

INTENDED AUDIENCE

- Local health department employees serving on ethics committees or with an interest in ethics
- Health department leadership
- Community partners that serve on public health ethics committees
- MDHHS staff interested in ethics
