

# YOU'RE INVITED VIRTUAL QUALITY IMPROVEMENT TRAIN-THE-TRAINER

This 5-session virtual training is designed to expand public health professionals' understanding and implementation of quality improvement methods and techniques. Participants will be trained in practical methods of sharing knowledge, skills, and tools related to quality improvement with other public health professionals.

**Virtual!**

This year the training will take place virtually over a 2- and 1/2-week period. Participants should plan to attend all 5 sessions to receive a certificate of completion. Prior to the beginning of the training, participants will be sent all the materials and resources that will be covered. Be sure to include a mailing address at registration.
