

REGISTRATION BROCHURE

MICHIGAN'S PREMIER PUBLIC HEALTH CONFERENCE

Beyond the Pandemic,
Innovative Public Health Leadership:
THRIVING IN TIMES OF CRISIS

2022

JUNE 16-17, 2022
GRAND RAPIDS, MICHIGAN

PARTNERS IN PLANNING

Grand Valley State University
Great Lakes Chapter Society for Public Health Education
Michigan Association for Local Public Health
Michigan Department of Agriculture and Rural Development
Michigan Department of Environment, Great Lakes, and Energy
Michigan Department of Health and Human Services
Michigan Public Health Association
Michigan Public Health Institute
Michigan State University
University of Michigan School of Public Health

CONFERENCE OBJECTIVES

AT THE CONCLUSION OF THIS CONFERENCE, LEARNERS WILL BE ABLE TO:

1. Define how partnerships influence public health transformation at the local, state, and national level.
2. Describe innovative leadership models that will support providing public health services in times of transition.
3. Explore legal and ethical impact of emergency public health practices on Michigan Communities.
4. Create a dialogue between public and private partners for implementation of policies that lead to equity in Michigan health outcomes.
5. Lead interprofessional teams to develop policies and practices that support public health innovation.

OVERARCHING CONFERENCE OUTCOME

Every learner will identify skills they have learned that will enable them to utilize partnerships to advocate for public health policy changes aimed at improving community health outcomes.

CHES/MCHES

SOPHE, including its chapters, is a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. Application for CHES® (entry-level) / MCHES® (advanced level) Category I continuing education contact hours (CECH) has been made to Great Lakes Chapter SOPHE and is pending approval.

REGISTRATION INFORMATION

EARLY CONFERENCE REGISTRATION BY MAY 25

Please complete registration form at the end of this brochure or register online at <https://michiganassociationforlocalpub.regfox.com/2021-michigan-premier-public-health-conference>

Registration includes group breakfasts and luncheons. Confirmations will be emailed to all registrants. Registration forms can be emailed in advance of payment to jshaver@malph.org.

One Day	\$ 99.00
Full Conference	\$149.00
Late Fee after May 25	\$ 20.00 - add on
Onsite Registration Fee	\$ 50.00 - add on
Student Rate - Full Conference	\$125.00
Student Rate - One Day	\$ 75.00

CONFERENCE LOCATION

Amway Grand Plaza Hotel
187 Monroe Ave NW
Grand Rapids, Michigan

HOTEL ACCOMMODATIONS

Amway Grand Plaza Hotel
810-253-3590

WEDNESDAY, JUNE 15

PRE-CONFERENCE SESSIONS

1:00 - 4:00 P.M.

P-101

Embracing Quality in Public Health: Changing Landscapes for Public Health Improvement Work

With anticipated changes in the next year from the Public Health Accreditation Board (PHAB) and the Mobilizing for Action through Planning and Partnership (MAPP) model, as well as recent updates to the 10 Essential Services for Public Health, the field of public health improvement is shifting. This session will provide an overview of anticipated changes and provide resources and information to support health departments in aligning with these changes.

Jessie Jones, Michigan Public Health Institute

Jennifer Schuette, Michigan Department of Health and Human Services

Brittney Spitzley, Michigan Public Health Institute

1:30 - 4:30 P.M.

P-102

Public Health Law 101 & Ethics

This workshop will review the powers and responsibilities (authority) of Michigan's Local Health Departments to protect and improve the public's health. The training will provide attendees with an overview of Michigan's Public Health Code (Public Act 368 of 1978, as amended) and the legal context in which it operates, including examples from the COVID-19 pandemic. Presenters will also provide a framework for incorporating legal and ethical considerations into public health decision-making.

Denise Chrysler, JD, Network for Public Health Law- Mid-States Region

Peter D. Jacobson, JD, MPH, Network for Public Health Law- Mid-States Region

Colleen Healy Boufides, JD, Network for Public Health Law- Mid-States Region

2:00 - 4:00 P.M.

P-103

Local Health Department Collaboration and Exploration of Shared Approach to Delivery of Services

The Michigan Department of Health and Human Services (MDHHS) has provided funds to continue the exploration of service sharing agreements and/or collaboration in the operations (role and function) of Michigan's local health departments. Collaboration and/or a shared approach to delivery of services, also known as Cross Jurisdictional Sharing (CJS), are significant concepts in public health service delivery in America. CJS is recognized by NACCHO and supported by the Center for Sharing Public Health Services. The Center serves as a national resource on CJS, building the evidence, and disseminating tools, methods and models to assist local health departments and policy makers as they consider and adopt CJS approaches. Twelve local health departments received dollars to implement CJS projects. A panel of those health departments and MDHHS local health services staff will discuss their road map to include exploration, preparedness and planning, and finally implementation and improvement.

SCHEDULE AT A GLANCE

THURSDAY, JUNE 16

Breakfast, Registration, Poster Presentations, Exhibitors & Networking	7:30 - 8:30 a.m.
Welcome	8:30 - 9:00 a.m.
Keynote Address	9:00 - 10:00 a.m.
Breakout Sessions	10:15 - 11:15 a.m.
Networking Break, Poster Presentations, & Exhibitors	11:15 - 11:45 a.m.
Lunch	11:45 - 12:15 p.m.
Awards	12:15 - 12:45 p.m.
Breakout Sessions	1:00 - 2:00 p.m.
Breakout Sessions	2:15 - 3:15 p.m.
Networking Break, Poster Presentations, & Exhibitors	3:15 - 3:45 p.m.
Keynote Address	3:45 - 4:45 p.m.
Wrap Up & Adjourn	4:45 - 5:00 p.m.

FRIDAY, JUNE 17

Exercise Activity	7:00 - 7:45 a.m.
Breakfast, Registration & Networking	7:45 - 8:45 a.m.
Keynote Address	8:45 - 9:45 a.m.
Breakout Sessions	10:00 - 11:00 a.m.
Breakout Sessions, Poster Presentations, & Exhibitors	11:15 - 11:30 a.m.
Lunch	11:30 - 12:15 p.m.
Breakout Sessions	12:30 - 1:30 p.m.
Networking Break	1:30 - 1:45 p.m.
Keynote Address	1:45 - 2:45 p.m.
Raffle (must be present to win)	2:45 - 3:00 p.m.

Beyond the Pandemic,
Innovative Public Health Leadership:
THRIVING IN TIMES OF CRISIS

THURSDAY, JUNE 16

9:00 - 10:00 A.M.

KEYNOTE ADDRESS

Essential, Exceptional & Equity-Centered: A Public Health Journey

This session shines the light on the equity journey of public health, its beginning as a field that addressed root causes, its “wrong turn” into a predominately programmatic focus, and its current efforts to re-calibrate toward the destination of assuring the conditions for health. Racism as a public health crises and barrier to the health and well-being of communities is discussed along with response strategies that advance equity and deconstruct racism. Finally, examples of equity leaders will be presented in order to challenge action and agency among our current workforce.

Renee Canady, PhD, MPA, Michigan Public Health Institute

10:15 - 11:15 A.M.

SESSION 101

Working Together to Improve WIC Caseloads in Southeastern Michigan: Leveraging Diverse Stakeholder Engagement

The Southeastern Michigan Regional WIC Collaborative has taken a comprehensive approach to stakeholder engagement to address decreased WIC caseloads. From connecting with communities to building a responsive Collaborative with a variety of partners, much can be learned from the Collaborative’s approach to an issue experienced across the nation. Join us to hear the Collaborative’s story and strategy, and bring your questions, ideas, and challenges related to engaging a rich stakeholder presence in improvement efforts.

Natalie Dean-Wood, MHSA, FACHE, Division Director, Macomb County Health Department
Alaina Dequaine, MPH, Public Health Improvement Associate, Michigan Public Health Institute
Martha Brooks, BS, M.Ed, RD, Public Health Services Coordinator, Macomb County Health Department

SESSION 102

SWIFT ACTION: An Effective COVID-19 Emergency LOCAL FOOD RELIEF FUND to Pay Farmers and Support the Fresh Produce Needs of Food Pantry Networks Northwest Lower Michigan.

Groundwork Center’s Local Food Relief Fund program is a replicable, regional food procurement program showcasing the power of partnerships and collaboration to increase healthy food access and enhance public health. This presentation will walk participants through a simple Problem-Solving Model (Define, Design, Do, Learn) of this emergency food procurement project and ways to increase access to whole, local produce and nutrient dense farm products direct to food pantries in Northwest Lower Michigan.

Meghan McDermott, BA, Director of Programs, Groundwork Center for Resilient Communities
Christina Barkel, BA, Food Equity Specialist, Groundwork Center for Resilient Communities

SESSION 103

Lead is an Invisible Threat: State Level Coordinated Response in Lead Action Level Exceedance

This presentation will discuss Michigan's revised Lead and Copper Rule and agency coordinated response to elevated lead levels related to the rule in Michigan communities. The presentation will also demonstrate efforts made by Michigan Department of Environment, Great Lakes, and Energy (EGLE), Michigan Department of Health and Human Services (MDHHS-DEH) to coordinate a public-health response that encompasses community engagement, health education, and outreach which focuses on reducing residents' exposure to all sources of lead.

Lakecia Powell-Denson, MS, Community Engagement Coordinator, Michigan Department of Health and Human Services
Julia Grescowle, M. Ed., CHES, Health Educator, Michigan Department of Health and Human Services
Jeni Bolt, BS, Environmental Quality Specialist, Michigan Department of Environment, Great Lakes and Energy

SESSION 104

Zooming into Service: Coordinating Public Health Practice Opportunities in a Virtual Environment

Understanding how to adapt community partnerships has become increasingly needed during the COVID-19 pandemic. This presentation will showcase how the Public Health Action Support Team (PHAST) and the Region V Public Health Training Center (RVPHTC) at University of Michigan have built and maintained partnerships in the virtual environment over the past year.

Sadé Richardson, MPH, LLMSW-Macro, Manager, Strategic Partnerships and Experiential Learning, University of Michigan School of Public Health
Danielle J. Zimmel, MPH, Project Coordinator, Region V Public Health Training Center

SESSION 105

Leveraging Assessment, Planning, and Innovation to Support Michigan's Older Adult Population and Create an Age-Friendly Public Health System in our State

This presentation will highlight unique cross-sector partnerships, describe methods of engagement, and depict how aging leaders joined together to systematically align efforts to improve the health of older adults. Most importantly, this presentation will describe the specific actions organizations and agencies can take to ensure state-level assessment and planning processes are designed in a way to push towards ensuring diversity, equity, and inclusion in both the assessment and planning processes, as well as in the programs, services, and policies that result from them.

Alexis Travis, PhD, MS, Senior Deputy Director, Michigan Department of Health and Human Services
Clare Tanner, PhD, Program Director, Michigan Public Health Institute
Julia Heany, PhD, Program Director, Michigan Public Health Institute

SESSION 201

Integrating Title X Family Planning and STD Programs – Service Delivery Recommendations

For local health departments (LHD) administering the Title X Family Planning and STD Programs, integration can be an attractive option. Two key integration challenges are maintaining individual program integrity and assuring all clients continue to receive high-quality client-centered care. To develop integration guidance, the Michigan Department of Health & Human Services (MDHHS) conducted a Learning Pilot with four LHDs. Participants will hear about MDHHS's assessment process, key findings, and service delivery recommendations for integrated programs.

Jessica Hamel, MA, Manager, Michigan Department of Health and Human Services

Amy S. Peterson, MPH, STI Interventions Unit Manager, Michigan Department of Health and Human Services

SESSION 202

Creating a Comprehensive Model for Suicide Prevention: A Statewide and Regional Approach

This presentation highlights the efforts in the State of Michigan to reduce suicide amongst adult men. Learn about high tech, high touch strategies mobilized through regional and state coalitions that address suicide among adult men. The presentation highlights the CDC funded "Preventing Suicide in Michigan Men (PRiSMM)" project, research findings that support use of www.mantherapy.com, and how partnership in the Thumb implemented the online platform and used data analytics to hone their campaign.

Kristen Smith, LMSW, Program Coordinator, Michigan Department of Health and Human Services

Kay Balcer, BS, Network Director, Thumb Community Health Partnership and Michigan Thumb Public Health Alliance

Kari Granz, BA, Program Coordinator, Thumb Community Health Partnership

SESSION 203

From COVID-19 to Chronic Disease

Even before the pandemic, marginalized populations did not regularly visit a medical provider. Unreliable transportation, insurance issues, lack of childcare, and other barriers kept them from accessing healthcare. The pandemic has forced innovation in public health, such as using mobile health units to bring COVID-19 testing to marginalized communities. State and local partners are building on that model to also bring chronic disease screening and management to communities in need.

Phillip Levy, MD, MPH, Professor of Medicine and Assistant Vice President for Translational Science and Clinical Research Innovation, Wayne State University

Ebonie Guyton, M. Ed, CHES, Public Health Consultant, Michigan Department of Health and Human Services

Kristina Dawkins, BS, MPH, Public health Consultant, Michigan Department of Health and Human Services

SESSION 204

From Local Concerns to Federal Studies – Understanding PFAS and its Health Effects

Per- and polyfluoroalkyl substances (PFAS) are a group of chemicals that have been found in public and private water supplies across Michigan. The Michigan Department of Health and Human Services along with local, state, and national health authorities as well as community members and six other PFAS sites across the nation, have partnered to conduct research in two communities to determine the extent of the exposure and possible effects on human health.

Taylor Sullivan, MPH, Environmental Epidemiologist, Michigan Department of Health and Human Services

Rachel Long, MSPH, Epidemiologist, Michigan Department of Health and Human Services

Sarah Allison, MPH, Public Health Educator, Michigan Department of Health and Human Services

SESSION 205

Leveraging County Partnerships to Provide Actionable Data: An Opioid Surveillance Model

Many Michigan communities are affected by the opioid crisis yet the specifics of who misuses opioids and where overdoses occur are not greatly understood at the county level. Macomb County Health Department partnered with local agencies (hospitals, police, EMS, medical examiner) to create an opioid surveillance and response system that tracks fatal/non-fatal opioid-related overdoses. This presentation will detail how the surveillance system was developed and how it can be used to combat the opioid crisis.

Haley Kehus, MPH, Epidemiologist, Detroit Health Department

2:15 - 3:15 P.M.

SESSION 301

Ready, Crisis, RAPID ACTION: A Resilient and Transformative Partnership Response to COVID-19

In this presentation we will explain how resilience and transformation change frameworks are powerful heuristics for understanding effective cross-sector partnership responses to COVID-19. Drawing upon the efforts of the Northern Michigan Community Health Innovation Region, we will describe how this cross-sector network refined its network design, process, and purpose to create rapid responses to urgent needs while preserving core community elements and transforming system operations. Evidence from the community resilience and transformation change research areas will be used to explain the successes and challenges faced by this CHIR. We will discuss the lessons learned and how these insights should inform the development of cross-sector partnerships across Michigan.

Emily Llore, MPH, Director of Community Health Assessment and Improvement Planning, Northern Michigan Community Health Innovation Region

Pennie Foster-Fishman, PhD, President, Transform Change, LLC

Erin Barrett, MPH, CHES, Regional Community Coordinator, Northern Michigan Community Health Innovation Region

SESSION 302

COVID-19 Pandemic Impacts on Childhood Lead Poisoning Prevention Activities

The presentation will give an overview of the COVID-19 pandemic response impact on lead poisoning prevention activities. The presenters will go into further detail about 1) the impact on blood lead surveillance, 2) the impact on nursing case management for children with elevated blood lead levels, and 3) the impact on Healthy Homes Program environmental investigations and abatement services. Each section will cover the plans reduce/address the impacts of the pandemic.

Melissa J. Steiner, MSA, CHES, Training and Development Specialist, Michigan Department of Health and Human Services

Angela Medina, MA, Public Health Consultant, Michigan Department of Health and Human Services

RoseAnn Miller, MS, PhD, Epidemiologist, Michigan Department of Health and Human Services

SESSION 303

Promoting Vaccine Confidence – A New Approach to Vaccine Hesitancy

We know that vaccine hesitancy isn't only among parents of babies – many parents of adolescents and adults themselves have questions or concerns about vaccines. This validates the importance of communication and continued education about the risk of disease and the benefit of vaccines. This communication and education is needed to reinforce the importance of vaccinating on-time, according to the evidence-based schedule.

Joshua Meyerson, MD, MPH, FAAP, Medical Director, Health Department of Northwest Michigan, Benzie-Leelanau District Health Department and District Health Department #4

SESSION 304

Trafficking: Survivor's Reflections and Lessons for Health Care and First Responders

Ruth Rondon, a survivor of human trafficking and published author will provide guidance and recommended protocols for health care, first responders, and support for families. How victims fall prey to sex traffickers; what keeps them trapped; and how freedom and support can be secured, will be discussed.

Ruth Rondon, Subject Matter Expert, Human Trafficking Survivor, and Author

SESSION 305

Brand Ambassador Approach to Strengthening Local Public Health's Local Relationships and Reputation

This interactive presentation is designed to guide public health leaders through a series of ideas about how they view and discuss their work. Part marketing concepts, part communication strategy session, we will discuss what a brand ambassador is, what makes them effective, and how to reconsider local public health's role in communities as so many local health officials emerge from a long pandemic looking to strengthen local public health's reputation and image – with key local constituencies, prospective new employees, and local partners.

Brad Wurfel, President, BJW Strategies, Inc.

3:45 - 4:45 P.M.

KEYNOTE ADDRESS

Supporting a Resilient and Healthy Public Health Workforce: Public Health in a Post-COVID Era

To say that COVID19 has been difficult for public health and its workforce is a major understatement. Now that the pandemic is appearing to be under better control, the public health workforce is returning to a focus on its comprehensive, pre-COVID duties as well as staying vigilant for future outbreaks. This session will focus on the resiliency of the public health workforce and the organizations in which they work with a view toward the post-COVID era. Participants in this session will acknowledge the long and complex work that COVID19 has placed on public health; discuss some current key national initiatives to strengthen public health; and imagine the role of public health in a post COVID19 era.

Kaye Bender, PhD, RN, FAAN, President, American Public Health Association

7:00 - 7:45 A.M.

EXERCISE ACTIVITY

Back by popular demand! Cari Draft is one of the lakeshore's most active and community-involved personal fitness trainers. While she is founder and owner of EcoTrek Fitness (unique outdoor group workouts with several series all over Michigan) she also trains numerous fitness clients, ranging from marathon runners to men and women of all ages interested in losing weight or just feeling more fit.

8:45 - 9:45 A.M.

KEYNOTE ADDRESS

When Our Worlds Change: Understanding the Mental, Physical & Functional Impacts of the Covid-19 Pandemic on Public Health Employees

The Covid-19 Pandemic has undoubtedly changed our worlds, especially for those working in the field of public health. These drastic and unexpected changes, challenges, and the general disruptions from "our norms" have come in multiple forms, in multiple areas of our lives, and have been chronic - making them likely to impact us in various ways, with some impacts more obviously seen, felt and understood than others. In this session, attendees will gain a deeper understanding and awareness of how and why the dynamics and circumstances of the pandemic have led to the emotional, mental, physical, cognitive, and functional impacts that many are experiencing. Concepts, including burnout, emotional exhaustion, anxiety, depression, and trauma, will be addressed, and expanded upon, setting the stage for the next step – Shifting towards hope, healing, resilience, and wellness.

Stephanie Huhn MA, LLP, CBIS, CAADC, CCM, ACCTS

10:00 - 11:00 A.M.

SESSION 401

Alley Activation as a Green Health Intervention: Lessons from a Partnership Project in Detroit

This presentation describes a working partnership established between the University of Michigan-Dearborn and community-based organization DAVIS (Detroit Ain't Violent It's Safe) to initiate a program of alley activation to improve quality of life in the Prairie St. neighborhood, especially in terms of health and mental health. The presentation considers the relationship between the goals of DAVIS and the development of the Joe Louis Greenway (JLG), a 32-mile bicycle and walking trail.

Paul Draus, PhD, Professor of Sociology, University of Michigan-Dearborn
Korey Batey, President, Detroit Ain't Violent Its Safe

SESSION 402

A Community–Academic Partnership to Promote a Healthy Lead-Safe Environment in Underserved Asian American Communities

Join the panel discussion with Eastern Michigan University Center for Health Disparities Innovation and Studies Michigan Childhood Lead Poisoning Prevention Program for Underserved Asian Americans team and key community partners. We will discuss the development of community partnerships with the objective to design, plan and implement linguistically-appropriate and culturally sensitive interventions to increasing lead poisoning awareness and prevention in the Bangladeshi population in Hamtramck and the Detroit area.

Tsu-Yin Wu, PhD, FAAN, Professor and PhD Program Director, Eastern Michigan University School of Nursing
Sarah Lally, BSN, RN, HNB-BC, University of Michigan
Lydia McBurrows, DNP, RN, CPNP-PC, Associate Professor, Eastern Michigan University

SESSION 403

Legal Lessons Learned from Michigan Local Health Departments' COVID-19 Pandemic Response

This session will examine legal lessons learned from the COVID-19 public health emergency. Drawing from focus group and key informant interviews, as well as legal technical assistance provided throughout the pandemic, speakers will discuss local public health legal authority in Michigan, access to legal counsel, enforcement challenges, intergovernmental cooperation, and the role of politics. Next, a moderator will engage a panel of local health officials to discuss key legal issues going forward.

Collen Healy Boufides, JD, Network for Public Health Law- Mid-States Region

Denise Chrysler, JD, Network for Public Health Law- Mid-States Region

Peter D. Jacobson, JD, Network for Public Health Law- Mid-States Region

SESSION 404

The MDHHS Social Determinants of Health Strategy: Using a Collaborative, Upstream Approach to Drive Change and Promote Equity

In recent years, local communities, social service organizations, health plans, and the Michigan Department of Health and Human Services (MDHHS) have all been working to address SDOH by adding new services and making it easier for residents to access those services. However, many of these efforts are piecemeal, siloed, or vary greatly by community. To address disjointed efforts and foster continued engagement around the SDOH, MDHHS recognizes the need for a stronger, more comprehensive Social Determinants of Health Strategy that addresses root causes of health disparities. The 2022-2024 SDOH Strategy considers strategies from the previous MDHHS SDOH Strategy while also recognizing that there are lessons learned from the COVID-19 pandemic.

Ninah Sasy, BS, MSA, Policy and Planning Director, Michigan Department of Health and Human Services

David Jones, BS, Senior Policy Analyst, Michigan Department of Health and Human Services

Alicia A. Brace, PMP, Principal, Cambiar Consulting

SESSION 405

COVID Communication Issues for Local Health Departments: Comment and Discussion Regarding Results of 2020/2021 Local Health Department Hot Washes

A panel, comprised of local public health leadership, will discuss summary results of 4 local health department Hot Washes, on COVID Communication Issues. Hot Washes are being held from September of 2020 through the summer of 2021, and are exploring identification and solutions for various testing, vaccine, enforcement and messaging issues.

Mark A. Miller, MBA, Public Health Consultant Contractor, Mid-Michigan District Health Department

12:30 - 1:30 P.M.

SESSION 501

Public Health Prepared: Assessing Training Needs of Michigan's Infectious Disease and Emergency Preparedness Workforce

Public Health Prepared aims to build capacity among the infectious disease and emergency preparedness and response workforce. What particular topics and/or skills do these professionals need in order to be effective, adaptive, and best prepared in constantly changing circumstances? After a brief presentation, a discussion-based session will allow participants to share their training needs and workforce development concerns to inform future training offerings.

Dany Zimmel, Training and Engagement Manager, Public Health Prepared

Phoebe Kulik, MPH, CHES, Director of Workforce Development, Region V Public Health Training Center, University of Michigan School of Public Health

SESSION 502

Michigan Manual for Public Health Leaders & Local Public Health Services Inventory: Critical Resources for Local Public Health Administration, Programming and Advocacy

New public health leadership needs resources to conduct critical program functions; the Michigan Manual for Public Health Leaders & Local Public Health Services Inventory provide tools to achieve that goal. The content and use of both resources will be described.

Mark A. Miller, MBA, Public Health Consultant Contractor, Mid-Michigan District Health Department

SESSION 503

Michigan AOS Group – Calibrating our Health Department Measurements

MALPH and the LHD Academy of Science have created a MALPH workgroup for data collection, data calibration, and data standardization for all MALPH members. Through this workgroup, the LHD Academy of Science will provide all MALPH members with a common survey platform that has the sole focus of bringing together all MALPH members to create the first of its kind Local Public Library for Health Departments. This session will cover the national movement and efforts to house these important measurements and to highlight the important work this group is doing.

Cristin Larder, Senior Community Epidemiologist, Ingham County Health Department

Marcia Mansaray, M.Sc., Deputy Health Officer, Ottawa County Department of Public Health

SESSION 504

Connecting Local Farms to Schools: Developing a Farm to School Directory to Improve Food Access

Access to healthy food was identified as a goal during the Community Health Assessment and through planning and partnership with other local organizations, a regional Farm to School Directory was created. The purpose of the directory is to connect farms with school food service programs interested in sourcing local foods for students. Farm to School programs allow farmers to supply schools with fresh fruits and vegetables and provides students with a fresh, healthy meal.

Maria Swiatkowski, BS, Community Health Planner, Macomb County Health Department

SESSION 505

High Touch, High Tech: Innovative Model and Partnerships to Support Peripartum Women's Health

The High Touch, High Tech project is a local and state collaboration that seeks to improve peripartum women's outcomes using technology-based screening and brief intervention with linkage to telehealth. Attendees will have the opportunity to learn about the project, the implementation of the model, its evidence basis and outcomes, and discuss how the project influences public health and policy changes.

Steven J. Ondersma, PhD, Professor, Michigan State University

Maria Muzik, MD, MSc, Director, Zero to Thrive, University of Michigan

1:45 - 2:45 P.M.

KEYNOTE

Hope, Healing & Resilience: Reestablishing Wellness in a Changed World

For many public health employees, the impacts of the global pandemic have reached far and wide, affecting how we feel, act, think, and function within our lives. The goal of this session is to provide you with hope, empowerment, and a path towards healing. Information and tools for reestablishing your health, balance, and sense of security will be presented. Attendees will learn wellness concepts, and evidence-based skills, tools, and approaches for managing anxiety, stress, burnout, and trauma.
