1	The hallway was rather crowded when sessions were out and it was difficult to chat with vendors- maybe we can change their location. People mentioned they would like to see fruit for breakfast also. Better signage on the doors labeling the rooms	10/29/2024 10:12 AM

3	Healthy Outcomes for Positive Experiences/PCEs; Firearm injury/safety; Traffic safety; School related programming/health initiatives; Expanding on responding to social determinants of health; Mental health - suicide, social media addiction/use, substance use; Effects of anti-trans/anti-women/anti-reproductive freedom policy on populations	10/22/2024 4:13 PM
4	Advocacy and policy strategies- skills and examples, policy work is political work and it is tough.	10/21/2024 7:25 PM
5	I wanted to add that I thought the Lightning Sessions were a good addition to the conference and I hope we'll do that again. It is a nice conference center though the halls were a bit narrow for the exhibit booths and traffic coming both ways in the hall.	10/21/2024 12:12 PM
6	Loved the venue this year!	10/21/2024 11:18 AM
7	Coming from a payer perspective, I think it would be incredibly beneficial to provide the LHDs with more information on the Managed Care landscape and entities. There seems to be a divide between the Managed Care organizations and the LHDs, when in truth, we are working toward the same outcomes and priorities in our disparate swim lanes. A presentation on the collaboration opportunities, successes, and challenges between LHDs and Managed Care organizations would, in my opinion, increase networking and care coordination for our fellow Michiganders.	10/17/2024 8:20 PM

9	Great job again to MALPH for planning a great conference! We appreciate you and all you do for local public health.	10/17/2024 4:39 PM
10	No, but there are a few things that I would suggest MALPH to consider for next year. Therapy dogs both days! I thought that was a great addition and was very sad that it was only for one day. I utilized the service, and could have used it Wednesday as well. The second is that even though I reported my allergies, there was no allergen-free option for me to eat on Tuesday until	10/17/2024 3:53 PM

The conference is heavily geared towards community health education and nursing staff, and administrators. More content that a variety of staff from LHDs would benefit from, such as staff in environmental health departments, finance, and medical directors would be valuable. I am interested in my team as a whole developing more public health knowledge but can't justify some of them spending their time coming to the conference only for the keynotes because there wouldn't be any or many sessions that they could take actionable learning away from.	10/17/2024 3:52 PM 10/17/2024 3:43 PM

THANK YOU for ensuring a microphone for both presenters and questions. The setup of many of the breakout rooms was challenging, with long tables set up and no center

15	I appreciate including non-public health speaker in some of the sessions, particularly private-public partnerships.	10/17/2024 3:35 PM
16	Being a community partner, a lot of this was SO geared toward health departments- which I am not, and that was frustrating. I understand the majority of people work for some sort of health department, but for those of us who are kind of outliers, it was hard to find applicable content even though we work in the public health sector.	10/17/2024 3:34 PM
