

# 71st Michigan Onsite Wastewater Conference

JANUARY 10-11, 2023

## WHO WE ARE?

Increase your knowledge and keep your finger on the pulse of issues related to the Onsite Wastewater Management industry.

Join us back in person at the Kellogg Hotel and Conference Center and participate in concurrent tracks, with the opportunity to earn Continuing Septage Education Credits (pending approval). This conference is planned for local health departments, designers, installers, regulators, service providers, septage haulers, and others.

Visit vendors and hear key updates from United States Department of Agriculture (USDA), Michigan Department of Environment, Great Lakes and Energy (EGLE) and national wastewater organizations, as well as a broad range of topics including:

- basic and advanced concepts of onsite treatment
- funding
- conflict resolution
- mental health
- educational soils training for local health departments
- case studies - failed systems and community wastewater treatments
- septic tanks - specifications and installations
- one-on-one sessions with EGLE septage staff
- soil properties and much, much, more.
