Seeking a full-time organized, detailed oriented, pragmatic, and collaborative public health educator to join the community health team based in Oceana County Office.

General Responsibilities

- Organizes and conducts chronic disease prevention/community health programs in accordance with program requirements to maximize health outcomes for individuals and communities according to established plan and objectives.
- Seeks and accepts guidance from others to improve outcomes.
- Provides individual and/or group program planning, implementation, evaluation, and reporting.
- Collects and analyzes data on community health needs and assets.
- Participates in community coalitions as a member and/or facilitator as appropriate.
- This position covers chronic disease prevention and/or general health education across multiple counties.

Minimum Requirements

- Bachelor's degree in health education, community or school health, health promotion, public health or a related field; successful completion of participatory internship preferred.
- Professional certification (CHES or CPS) may be required depending on program requirements.
- CPR certification may be required depending on program assigned.
- Basic understanding of computer technology and social media, and their application to public health practice.
- Ability to work effectively with the public and other employees on projects requiring a team
- Emotional and mental maturity necessary for establishing and maintaining good working relationships with clients, community partners and agency personnel.
- Excellent written and oral communication skills; excellent public speaking skills.
- Bilingual with the ability to read, write and communicate orally in English and Spanish preferred.
- Ability to accurately record services and data within established time frames.
- Reliable transportation with valid Michigan driver's license and certificate of insurance to travel to other locations for work, training, or meetings.

Position open until 12/08/2026
