

Good Morning!

The Michigan Department of Health and Human Services (MDHHS) Office of Performance Improvement and Management and Michigan Public Health Institute (MPHI) invite you to participate in a 2 1/2 week-long, virtual Quality Improvement Train-the-Trainer Training taking place on **August 12th, 14th, 19th, 21st, and 26th**.

The training will take place on **Tuesdays and Thursdays, 9 am to 12 pm**, for the 2 and 1/2 weeks. Participation in all 5 sessions is mandatory in order to receive a certificate of completion. Participants should come ready to share and partake in hands-on learning activities.

This virtual training will expand your capacity, understanding, and ability to implement Quality Improvement methods and techniques. You will receive tools and guidance to set the stage for sharing QI within your agency. Prior QI experience is not required.

You will learn the following from the QI Train-the-Trainer training:

- Develop a deeper understanding of Quality Improvement and the Plan-Do-Study-Act Cycle.
- Learn how to train and lead other public health professionals in Quality Improvement methods and tools.
- Expand capacity and infrastructure within your agency for Quality Improvement efforts.
- Prepare to participate in Michigan Accreditation's Quality Improvement Supplement.
- Enhance your agency's ability to meet national PHAB accreditation standards.

This unique and valuable training opportunity is available to local and Tribal health departments and is limited to one participant per agency. Space is available for a total of 30 participants and will be filled on a first-come, first-served basis.

To ensure this training reaches as many local and Tribal health department staff as possible, priority will be given to those who did not attend in the past. However, a waitlist will be kept for agencies that wish to have more than one person attend and for individuals who wish to attend the training again. If the training is not filled, those on the waitlist will be contacted.

Registration opens June 2nd!

If you have any questions about the training, please contact Jess Nash at jnash@mphi.org.

We look forward to working with you to enhance your agency's culture of quality!

SAVE THE DATES

Quality Improvement Train-the-Trainer Workshop

Training is being offered again this year for 2025!

The training will be held virtually over the course of 2.5 weeks with 5 sessions. Please save the following dates & plan to attend all 5 days to receive a certificate of completion for this training.
