

SAFE STORAGE

for Medical and
Adult Use Marijuana

Child Proof Packaging

At home, it is good to store your marijuana in a lock box.

Pick a spot in your home that a child can't reach.
Keep the following in mind when storing marijuana:

- Use a lock box
- Keep your marijuana in the box at all times
- Never leave the marijuana out, even if you plan to use it soon
- Keep marijuana out of sight

Accidental Use

Keep marijuana edibles away from children and pets.
Call the Poison Control Hotline at 1-800-222-1222 if your child has accidentally eaten marijuana. Calling is free. **Call 911** or go to the emergency room right away if your child is not breathing or is unconscious.

Accidental marijuana use by children causes:

- Sleepiness
- Difficulty sitting up or walking
- Dizziness
- Looking blue
- A sore chest
- Vomiting

Call the Pet Poison Helpline at 800-213-6680 or call your veterinarian if your pet has accidentally eaten marijuana.

TO KNOW

**TALKING WITH
CHILDREN & TEENS**

About Marijuana

Look for chances to talk about marijuana with your child/teen. Talk about marijuana use and:

- Why some people use
- How it affects the brain
- Your expectations
- Consequences of their use

Be active in your child's life to help them make good choices. By being a good role model, you can affect their healthy decisions.

Tell your children about what marijuana does to the brain and the effects it can have on them. If your child uses marijuana, it will be hard for them to:

- Think
- Learn
- Make good choices
